

American Archangel Club – Presidents Message

I would like to start by thanking Brad & Rachel for all their efforts in promoting the Archangel breed and the American Archangel Club. I hope everybody has had a wonderful breeding season. By the end of May, I had banded over 100 young.

The Florida Gulf Coast Pigeon Club had its first show November 24, 2018. There were over 300 birds shown, which is great as there had not been a show in 10 years on Florida's Gulf Coast. The show this year will be held Saturday, November 23, 2019 and the VFW Hall in Spring Hill, Florida. For more information and an entry form contact Charlie Busack: 4117 45th St E, Bradenton, FL 34208.

The NPA Nationals @ Myrtle Beach, South Carolina had almost 50 Archangels shown, with a good mix of the different Archangel colors. If we could have a hundred or more Archangels at the NPA in Amarillo Nationals, which will be the 100th anniversary of the NPA National, it would certainly enhance interest in our breed. If you can't be there, consider shipping your birds to the show. The members in attendance will look after them for you.

Hope to see you at some of the Archangel Meets.

Marvin Jones

P.S. Thanks to Dan Brennan for judging the Myrtle Beach National and no expense to the Club.
